## Serious damage to the quality of life in South Limburg

'De Limburger' June 11 reveals disastrous plans with airport MAA

---

- MAA specific for cargo flights with noisy and polluting aircrafts.  
*A huge increase in noise and air pollution.*
- MAA can grow to 30.000 flight movements per year.  
*On average every 15 minutes a low-flying aircraft above South Limburg.*
- MAA is appointed airport for night flights up to 2.00 am and from 5.00 am  
*Only 3 hours of undisturbed sleep during the night.*

**MAA plans dupe residents and tourists.**  
**MAA plans increase the risk of disasters around Chemelot (DSM).**  
**We must prevent all this.**

---

*Let authorities know you're against these plans and sign this letter!*

---

Dear Members of the Provincial Council, dear college of the Provincial Executive,

The plans to turn MAA into an airport specifically for cargo with room for growth up to 30.000 flights (also at night!) jeopardize the quality of life in South Limburg. I ask you to prevent this. And to incorporate and guarantee in your plans for MAA the following rights for me:

- ✓ **8 Hour sleep:** no MAA night flights between 11 p.m. and 7 a.m.
- ✓ **Health:** prohibit old, obsolete and polluting cargo aircrafts at MAA
- ✓ **Nature and landscape:** protect the environment and Natura 2000 areas
- ✓ **Peace and quiet:** maximize flight movements and noise level at year 2017
- ✓ **Reliability:** no (use of 'stopway' for) extension airport runway
- ✓ **Objective benefit assessment** of plans through Social Cost-Benefit Analysis
